

## I have a question about my condition and how it relates to labor analgesia; whom should I ask?

Ask your primary care provider who is following your pregnancy. If you or your provider have specific questions or concerns regarding your delivery and your anesthetic risks or options at Dartmouth-Hitchcock Medical Center, you can be scheduled to see an anesthesiologist for a consultation. If your questions or concerns are of a general nature, we offer a DHMC Obstetrical Anesthesia Information Class on a once weekly basis.

### DHMC Obstetrical Anesthesia Information Class:

<u>When:</u>	Wednesdays at noon
<u>How long does it last?</u>	Approximately 1 hour
<u>Location:</u>	Dartmouth-Hitchcock Medical Center. Conference room announced when you enroll for the class.
<u>Class size:</u>	Limited to 5 pregnant women. Partners always welcome.
<u>How do I sign up?</u>	Contact: Cindy Loseby (603) 653-0516 <a href="mailto:Cynthia.L.Loseby@Hitchcock.ORG">Cynthia.L.Loseby@Hitchcock.ORG</a> .
